

ColdFlex

**Finally, a flexible graphite suction roll seal
specifically designed
for the most demanding suction roll applications**

Longer life than rigid rubber graphite

**New Technology
from the world's largest
supplier of suction roll seals**

FEATURES AND BENEFITS

- reduces breakage in shipment and handling and when combined with G-TEC for end deckles, all breakage problems are solved - GUARANTEED
- improves seal life by ending wear caused by the thermal bow into the shell common in all hard seal materials
- has the same lubricating properties as our premium rubber-graphite
- can have 2 year run times with Coldwater's custom fitting program
- has a low coefficient of friction for low power consumption
